

INDIANA UNIVERSITY
SCHOOL OF MEDICINE
Department of Biostatistics

Faculty Positions

Two faculty positions are available for July 2012 or earlier in the Indiana University Department of Biostatistics, associated with the Schools of Medicine and (emerging) Public Health. Position level (Assistant, Associate or Full) and track (tenure or research) are dependent upon the qualifications and interests of the applicant. Responsibilities include methodological statistical research, collaborative research, and teaching. Requirements include a Ph.D. in biostatistics or statistics, practical collaborative experience and excellent communication skills. Expertise in causal modeling, adaptive trials or psychometric methods would be a plus although all areas of statistical research will be considered. The positions offer competitive salaries and excellent benefits.

This is an exciting opportunity to join an evolving, but established, Biostatistics group with 16 faculty members, 17 full-time PhD students and 30 professional staff. We are dedicated to excellence in statistical and collaborative research in the health sciences and in teaching. The Department has an ongoing PhD program in Biostatistics, an extensive portfolio of research funding as principal investigators and co-investigators that includes collaborative research with all departments in the School of Medicine as well as the Schools of Dentistry, Nursing and Law. Additional details about the Department and the PhD program are available on our web page: <http://www.biostat.iupui.edu>

Indianapolis consistently ranks high nationally on many of the “best places to live” lists and has an economy that is growing in the life sciences arena. In addition, it has always been one of the cities with the lowest cost of living.

The search will continue until the position is filled, but receipt of the application by January 15, 2012 will ensure consideration in the initial review period. Application should include curriculum vitae, research and teaching statements and 3 letters of reference. Electronic applications are preferred and should be sent to: biosfsrh@iupui.edu. Applications may also be submitted by mail to: Faculty Search Committee, Department of Biostatistics, 410 West Tenth Street, Suite 3000, Indianapolis, Indiana 46202-3002.

Indiana University is an EEO/AA employer, M/F/D.
