**Thoughtful Science. Tailored Solutions.** NERI is a full-service Contract Research Organization that provides customized, global clinical trial solutions and registry services to pharmaceutical, biotechnology, biomaterial, and medical device companies. NERI also has notable experience collaborating on federally-funded research with organizations like the National Institutes of Health. Since its founding in 1986, NERI has earned widespread recognition for its scientific credibility, efficiency, and expertise in the successful conduct of clinical trials.

We currently have an opening for a full time Statistician II. In that position, the Statistician II will:

- Develop an analysis plan jointly with a Sr. Statistician and conduct statistical analysis based on a general outline;
- Review statistical literature to determine appropriate analytic methods;
- Write statistical programming;
- Draft written summaries of analysis methods and results.

**Qualifications:**

- Master's degree in Statistics or Biostatistics with 3-5 relevant post-Master experience in data analysis;
- Knowledge of statistical methodology and analysis;
- Ability to write sections of collaborative manuscripts and/or full papers;
- Proficiency in SAS or related statistical software;
- Excellent communication skills---both oral and written;
