neriscience.com

NERI is a full-service Contract Research Organization that provides customized, global clinical trial solutions and registry services to pharmaceutical, biotechnology, biomaterial, and medical device companies. NERI also has notable experience collaborating on federally-funded research with organizations like the National Institutes of Health. Since its founding in 1986, NERI has earned widespread recognition for its scientific credibility, efficiency, and expertise in the successful conduct of clinical trials.

We currently have an opening for a full time Senior Biostatistician. In that position, the Senior Biostatistician will:

- Provide Team Leadership in all aspects of Statistical science including;
 - Protocol development
 - Statistical analysis
 - Manuscript preparation and report writing
- Meet with clients and investigator for development of new business and/or research and contribute to proposal development;
- Develop, implement and oversee the implementation of statistical analysis plans;
- Write sections of scientific manuscripts (alone or in collaboration with others) suitable for peer review. This may include papers describing clinical/epidemiologic or methodological investigations;
- Supervise junior statistical staff;

Qualifications:

- PhD with a minimum 5 years of related experience beyond PhD program or a Master degree and 10 years of related experience;
- Knowledge of statistical methodology and analysis (especially clinical trials);
- Ability to write sections of collaborative manuscripts and/or full papers;
- Proficiency in SAS and R;
- Excellent communication skills---both oral and written;
- Experience working on project teams;
- Ability to mentor junior level statisticians;
- Ability to communicate directly with investigators both inside and outside of NERI on matters related to study design and results, select appropriate statistical methods and conduct complex analyses;
- Exhibited record of publications.
