

COVID-19
vaccines are safe
to get if you're
planning to
become pregnant
now or in the
future!

There is no evidence that any vaccines, including the COVID-19 vaccine, cause problems with fertility for women.

**¡Las vacunas
contra el COVID-
19 son seguras si
planea quedar
embarazada
ahora o en el
futuro!**

**No hay evidencia de que alguna vacuna,
incluyendo la vacuna contra el COVID-19, cause
problemas de fertilidad en las mujeres.**

*As vacinas
COVID-19 são
seguras tomar se
você estiver
planejando
engravidar agora
ou no futuro!*

**Não há evidências de que nenhuma das vacinas,
incluindo, a vacina COVID-19, causem problemas
de fertilidade para as mulheres.**

*Ou pa kouri okenn
danje lè w pran
vaksen kont COVID-
19 yo, si wap
planifye pou w tonbe
ansent pou konya
oubyen nan avni!*

**Pagen okenn prèv ki bay ki montre ke gen yon
vaksen, pami yo vaksen kont COVID-19 yo ki koze
pwoblèm fètilite lakay fanm.**
