Centennial Moments

1913-2013: Public health then and now

Around the School

Today: Memorial Service for Jane Weeks

A memorial service honoring the life of [Jane Weeks](#) will be held today, October 23, at 5:00 PM at the Memorial Church, One Harvard Yard, Cambridge.

Parking is available from 4:00-7:30 PM at the 52 Oxford Street garage. Please mention that you are attending the Weeks memorial service.

October 25: Sebastian's Cafeteria limited menu

Due to Centennial events on Friday, classes will be canceled but the School will be open. Sebastian's Cafeteria will be open with a limited menu and will only be accepting cash.

Caroline Buckee named one of "CNN Ten: Thinkers"

Caroline Buckee, assistant professor of epidemiology and associate director of the Center for Communicable Disease Dynamics at HSPH, was recognized by CNN for her work on mining cell phone data to track how people's movements correlate with the spread of disease.

President's and Deans' Challenges announced

The [Deans' Health and Life Sciences Challenge](#) and [President's Challenge](#) offer students and postdoctoral fellows the opportunity to apply their ingenuity and breadth of knowledge to entrepreneurial ideas.

Faculty books

Code Blue: The Making of an Emergency Physician by [Michael VanRooyen](#) and John Hanc (Rosetta Books, 2013)

Only One Chance: How Environmental Pollution Impairs Brain Development—and How to Protect the Brains of the Next Generation by [Philippe Grandjean](#) (Oxford University Press, 2013)

Over the course of the 20th century, global life expectancy soared by 30 years, 25 of which are attributed to public health.
