[Event calendar >](#)

---

## Research news

[Eliminating food deserts not best strategy for reducing diet quality disparities](#)

[Exploring the increase in public mass shootings](#)

---

### Chemical linked with 'popcorn lung' found in flavored e-cigarettes

Diacetyl, a chemical linked to cases of severe respiratory disease, was found in more than 75% of flavored electronic cigarettes and refill liquids tested by researchers.

---

### Call for police killings, police deaths to be reported as public health data

Researchers say data about all law enforcement deaths should be reported to the CDC on a weekly basis.

---

### State of the School address

On Tuesday, December 8, students, faculty, and staff packed Kresge Cafeteria for the annual State of the School address, delivered by Acting Dean David Hunter.

---

## Around the School

### Symposium honors legacy of Dimitrios Trichopoulos

Scientists from around the globe joined faculty, staff, alumni, and students at the 162nd Cutter Lecture on Preventive Medicine to pay tribute to the legacy of the late Dimitrios Trichopoulos, SM

'68, a leading cancer epidemiologist.

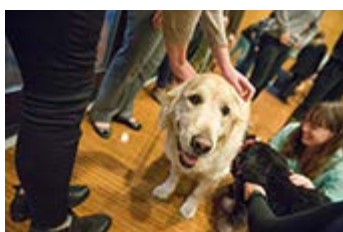

### Progress, challenges in tackling pediatric HIV/AIDS

According to UNAIDS, about 2.6 million children under age 15 are living with HIV. On World AIDS Day, December 1, researchers spoke about recent advances and challenges in treating children with HIV/AIDS.

### Guidelines for time reporting/approving during winter recess

Questions about filling out your timesheet during winter break?

[Review this guide](#), or [contact](#) human resources staff members for support.

### Stress relief during finals week

It's finals week here at the Harvard Chan School, and on Wednesday students had the chance to spend some time with some cute canines and get some much needed stress relief! [Visit](#)
