Around the School

Student Government hosts Winter Ball

On January 29, 2016 the Harvard Chan School Student Government hosted its annual Winter Ball at the Harvard Club of Boston. Students donned their finest formal wear to mix and mingle with their classmates, as well as faculty and staff from the School.

The Quest to Eradicate Malaria: A progress report

On February 10, Rear Admiral Timothy Ziemer, U.S. Global Malaria Coordinator, President's Malaria Initiative, will discuss the United States' involvement and strategy in global malaria eradication efforts. There will also be a panel discussion featuring malaria experts from the Harvard Chan School.

Racial and Ethnic Disparities: Looking Back Seminar Series

Join the Disparities Solutions Center at Massachusetts General Hospital for a presentation by Drs. W. Michael Byrd and Linda A. Clayton, nationally known health policy experts whose work focuses on the medical history and health experience of African Americans and other populations that experience disparities in the U.S. health system. The event takes place on February 16. [RSVP here.](#)

Childhood Obesity: Turning Science into Care

Next month, join Boston Children's Hospital for an unprecedented conference addressing how the latest childhood obesity research is being translated into successful community interventions.
