ABOUT THE JOURNAL

Health and Human Rights Journal began publication in 1994 under the editorship of Jonathan Mann, who was succeeded in 1997 by Sofia Gruskin. Paul Farmer, co-founder of Partners In Health, assumed the editorship in 2007. *Health and Human Rights Journal* is an open access online publication and a leading forum of debate on global health and rights concerns. The journal maintains a tradition of critical scholarship and also provides an inclusive forum for action-oriented dialogue among human rights practitioners, with peer-reviewed articles focusing rigorous scholarly analysis on the conceptual foundations and challenges of rights discourse and action in relation to health.

Health and Human Rights Journal is listed in PubMed, the database of the National Library of Medicine.

PUBLICATION POLICY

Health and Human Rights Journal welcomes unsolicited manuscripts on an ongoing basis. Submissions should not exceed 7000 words, while submissions to the Perspectives section should not exceed 2000 words. Book reviews and Letters to the Editor are also welcome. More information on submissions is available at <http://www.hhrjournal.org/submissions>.

Please submit manuscripts through the website or by email to HHRSubmissions@hsph.harvard.edu. Author guidelines are available on the *Health and Human Rights* website (<http://www.hhrjournal.org>). Views expressed in the journal are those of the authors and do not necessarily reflect the views of the publisher, editors, editorial board members, or other members.

COPYRIGHT POLICY

Health and Human Rights Journal applies the Creative Commons Attribution-Noncommercial 4.0 Unported License to all articles, with the philosophy that there should be no financial barriers to access information. The Attribution-Noncommercial license (<http://creativecommons.org/licenses/by-nc/4.0/>) lets people freely copy, distribute, remix, and build upon contributors' work, provided it is not used to make a profit and the original authors and *Health and Human Rights Journal* are appropriately acknowledged. These conditions can be waived if author, as copyright holder, grants potential users explicit permission. Copyrighted material may be included in articles provided authors provide proof of written permission for such use from the copyright holder.

OPEN ACCESS POLICY

Health and Human Rights Journal does not charge authors article processing fees unless authors can utilize an institutional open access publishing grant. Many institutions and research facilities have funding grants available to support publication in open access journals. If authors cannot access OA grants, article processing fees are waived by HHR. Authors are asked whether they can pay this fee only after a paper is accepted for publication, and inability to pay will not impact publication. When authors are able to use open access funds the article processing fee is US\$2,000.

BACK ISSUES

As an open access publication, the *Health and Human Rights Journal* is not available by subscription. All content is available free of charge at www.hhrjournal.org, including back issues since Volume 1, Number 1 (1994). Back issues are also available through JSTOR, the not-for-profit online digital archive. Users at institutions that participate in JSTOR's Arts & Sciences Complement Collection can access back issues directly by visiting the *Health and Human Rights Journal* information page at JSTOR. For more information on JSTOR, please visit <http://www.jstor.org>.
