Application Deadline: May 2, 2017

Forward Promise aims to promote opportunities for boys and young men of color (BYMOC) to heal, grow, and thrive in the face of chronic stress and trauma. *Empowerment Projects* seek to strengthen organizations that provide culturally relevant healing responses to trauma, and can partner with the youth-serving systems that touch BYMOC to advance new practices to prevent further traumatization. In doing so, it is important that the organizations use the stories of BYMOC's resilience and healing to promote and inform their work, and that BYMOC themselves are the ones telling those stories. *Forward Promise* seeks to elevate the promising practices of Empowerment Projects grantees to advance a greater understanding of what it means for BYMOC to heal, grow, and thrive.

Deadline: Open (Applications are accepted on a rolling basis)

Evidence for Action: Investigator-Initiated Research to Build a Culture of Health is a national program of RWJF that supports the Foundation's commitment to building a Culture of Health in the United States. Additionally, ***Evidence for Action* will also support efforts to assess outcomes and set priorities for action. It will do this by encouraging and supporting creative, rigorous research on the impact of innovative programs, policies and partnerships on health and wellbeing, and on novel approaches to measuring health determinants and outcomes.** Approximately \$2.2 million will be awarded annually. RWJF expect to fund between five and 12 grants each year for periods of up to 30 months.
